**Ernst Krüger GmbH & Co KG**  
Vulkanfiber-Fabrik  
Punched Parts from Insulating Materials

The requirements of the REACH regulation and the impact on our products and on the products of our sub-suppliers have been carefully evaluated by a team of qualified employees.

As a result, we can state, that vulcanized fibre and our products for punched parts are to be classified as products in the sense of the REACH regulation and thus any registration is not requested.

For you as our customer there is no need for any action in either direction of the supply chain in the sense of the REACH regulation. Also according to today's knowledge you may not fear any restrictions with regard to the delivery time neither from us nor from our sub-suppliers.

More information about REACH can be found here <sup>1)</sup>

Any substances of very high concern, as published by ECHA according to appendix XIV are not part of our products according to the current state of knowledge and the current state of the list <sup>2)</sup>.

We are updating our information regularly twice a year, usually in February and in August.
